

REMARKS

In response to the restriction requirement, Applicants elect claim Group III comprising claims 26-34 and 37-38.

The restriction requirement is respectfully traversed.

The Examiner lists claim 36 (Group V) as a separate invention. However, claim 36 is linked to claim 26. Accordingly, it is submitted that at a minimum Group V, claim 36 should be examined with Group III since the claims of Group III and Group V are linked.

As to the remaining claims, it is respectfully requested that the remaining claims be maintained in this application, without further action, for possible rejoinder and/or for filing of a divisional application.

Examination of the application on its merits is respectfully requested.

A Supplemental Information Disclosure Statement accompanies this Amendment.
